

Update from the Global Compact Nordic Network

OCTOBER 2017

Nordic Network meeting for Icelandic companies and organizations *31st of October, 2017, Reykjavik, Iceland*

It is with regret that we have to inform you that the GC Nordic Network meeting in Iceland scheduled for October 31 – November 1 2017, is now cancelled. As an alternative, a smaller meeting focusing on the Icelandic companies and organizations in a more Icelandic context will be arranged. For more information, agenda, and registration, please contact Hörður Vilberg at hordur@sa.is directly.

Annual General Meeting – Save the Date

4th of December, 2017, Copenhagen and Skype

The next Annual General Meeting will take place on 4th of December. One of the main topics at this Annual General Meeting will be about the implementation of the new Business Model. Please see the agenda [here](#). If you have any additional comments, please send an email to info@gcnordic.net before 1st of November.

Nordic Council of Ministers

Global Compact Nordic Network is happy to have commenced a dialog with the Nordic Council of Ministers Secretariat on possible collaboration for advancing sustainability in the Nordic region. We will cooperate in the discussion and implementation of sustainability with our GCNN signatories. The Nordic Council of Ministers recently launched a program, Generation 2030, to support the implementation of Agenda 2030, with the key focus on sustainable consumption and production. Find more information [here](#).

Tools for businesses

Business Reporting on the SDGs: An analysis of the Goals and Targets

During the Leaders Summit in New York last month, the Global Compact together with GRI launched a reporting tool to help on reporting of the Global Goals. The document, followed by a practical guide in 2018, is to help businesses identify targets, measures and report on the progress and impact of the SDGs. More information [here](#).

White paper, The UN Global Compact Ten Principles and the SDGs: Connecting, Crucially

The United Nations has since their beginning developed principles to help organize frameworks to guide both the social and political realm. This paper highlights two important initiatives: the UN Global Compact and its Ten Principles and the Guiding Principles on Business and Human Rights. By implementing the Ten Principles companies will directly or indirectly contribute to the SDG. More information [here](#).

Webinar series on the UN Global Compact 2018 Engagement tiers

The new Business Model, to be implemented in January 2018, will strengthen the Global Compact's mission and give greater support to businesses. This requires all companies to choose the engagement tiers that suits the company's need, Participant or Signatory. For more information how to choose the tier, please join these webinars from the UN Global Compact Head office. Find the webinars [here](#).

Sustainable Brands 2017 invites you to *Redefining the good life*, 30/10-1/11, in Copenhagen. Receive 30% discount as a member of the UNGC. Find more information and the registration [here](#).
